## PETITION UNDER 37 CFR 1.98

This is a request for an information disclosure statement previously submitted to be held in compliance with § 1.98 and considered by the Office during the pendency of the application. Accordingly, The previously submitted information statement did not comply with 37 CFR 1.98 because one of the cited patents was not in the English language. A copy with a corresponding U.S. Patent is enclosed. Accordingly, the information disclosure statement should be considered by the Office because it is filed before the mailing date of a notice of allowance under § 1.311, or an action that otherwise closes prosecution in the application, and it is accompanied by the fee set forth in § 1.17(p).

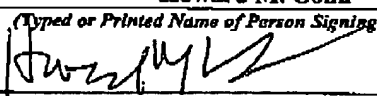

Respectfully submitted,
